STAT	

STAT

The Honorable Josi T. Broghill and the Honorable Villian H. Agres have written to us of your interest in employment with this organisation and moted your villingness to come to Washington for interviews.

STAT Our interview office is located at 1016 Sixteenth Street, M.W. (opposite the Statler Motel) and is open Monday through Friday. You may come in any time between 8:30 A.M. and 3:00 P.M. and see

Before you go to the expense of a trip to Vashington, however, we want to offer some background on our current employment situation. Our recruitment is generally limited to replacing attrition emong clerical personnel and obtaining a few junior officer trainees. There are occasional openings of a nore specialized nature for individuals with particular attainsents in our field of work but only infrequent openings at the executive level in administrative lines.

He note from your resume that you probably are a regular officer who will be retiring from the Rawy on the basis of length of service. In this event, your employment by a government agency would be subject to dual compensation and dual employment statutes which would have the general effect of precluding such employment. Our Agency is permitted to employ a few such officers but these authorizations are usually cosmitted and vacancies are usually filled as they occur by retired officers with special qualifications is intelligence work.

We appreciate your valuable experience in management, personnel relations, and public relations but see no opportunity for taking advantage of your talents and abilities. We should nonetheless be very glad to see you and to have the benefit of a personal interview to assist in future consideration of your explication.
